FOSS Research Centre for Sustainable Energy (www.foss.ucy.ac.cy) at the University of Cyprus and Electricity Authority of Cyprus announce two (2) vacancies for full or part-time Special Scientist position to work on externally-funded research projects.

Application Code: FOSS2017SS-08

REQUIRED QUALIFICATIONS

- First Degree (with at least a 2.1 class or equivalent) in Electrical Engineering
- PhD in a subject related to the broader field of power systems and control and/or systems of power electronics and renewable sources of energy.

High academic performance and interest in research are considered important qualifications.

DUTIES AND RESPONSIBILITIES

The successful candidates are expected to conduct research in collaborative projects between the Electricity Authority of Cyprus and FOSS Research Centre for Sustainable Energy in the field of Grid Integration.

EMPLOYMENT TERMS

The monthly employment cost for full time employment (140 hrs/month) is in the range of €1900-4200 (€13, 57/hr - €30, 00/hr). From this amount employer and employee contributions to the various Governmental Funds as well as any income tax will be deducted. The salary can vary depending on experience, qualifications, and specific duties in the research projects. The initial contract, which is on an hourly basis, is for one (1) year with the possibility of renewal based on successful progress. 13th salary and medical coverage are not provided.

Interested candidates should submit the following:

1. letter of interest for the position
2. full cv
3. copies of degrees and transcripts
4. name and contact details of two referees for recommendation letters.
