

**FOSS RESEARCH CENTRE FOR SUSTAINABLE ENERGY  
DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING  
UNIVERSITY OF CYPRUS**

**FOSS Internship Positions for summer 2018 (5)**

FOSS Research Centre for Sustainable Energy is offering **five (5) internship positions to promising undergraduate students for the summer of 2018 (May-Sep, 2018)**.

### **Introduction to FOSS**

The Research Centre for Sustainable Energy (FOSS) plays a key role in research and technological development activities in the field of sustainable energy within Cyprus and at international level. It aims to contribute to the achievement of the relevant energy and environment objectives set out by Europe. In particular, the FOSS strives to become a centre of excellence in energy that will act as a structure where world-standard R&D work can be performed, in terms of measurable scientific production (including training) and/or technological innovation.

### **Internship Description**

The ideal candidates will be 3<sup>rd</sup> or 4<sup>th</sup> year undergraduate students of high academic performance who are interested in pursuing research within FOSS in the field of Electrical Engineering, Mechanical Engineering, Physics or Mathematics.

Qualified applicants will be invited for an interview.

A monthly salary depending on the candidates' qualifications will be offered.

### **How to Apply**

Interested candidates should send **a short CV and a cover letter** by email to the following addresses: [cioann03@ucy.ac.cy](mailto:cioann03@ucy.ac.cy) and [foss.vacancies@gmail.com](mailto:foss.vacancies@gmail.com) by **Monday 30th April 2018**.
